[NOTE: The United States Patent and Trademark Office may require additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (II)(C) and (D)).]**WARNING:**

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

To Whom It Concerns:

This letter is in response to the Notice of Abandonment dated 10/24/2006 and is intended to serve as an explanation of unintentional abandonment. A copy of the receipt of issue fee paid on July 11, 2005 is attached as exhibit A. A copy of the Notice of Allowance and Fees Due dated November 02, 2005 is attached herewith as exhibit B. The amount due was \$0; unfortunately, I, the inventor took this to mean that no reply was required. This application has now been unintentionally abandoned because form PTOL-85B was not timely returned in response to the Notice of Allowance and Fees Due. It is believed that this letter satisfies the requirements of 37 CFR 1.137(b). The inventor respectfully requests that the attached petition for revival be allowed. If the examiner has any questions, please call the inventor at (208) 835-5402.

Sincerely,

Christopher Manning
